LAND ACKNOWLEDGEMENT

Before we begin our conference today, we would like to take a moment to acknowledge that we are gathering on the traditional territories of the Treaty 7 Nations.

These lands are home to the Blackfoot Confederacy, including the Siksika, Kainai, and Piikani Nations, as well as the Tsuut'ina Nation and the Stoney Nakoda, including the Chiniki, Bearspaw, and Wesley Nations. This area is also home to the Métis Nation of Alberta, Region 3.

We honor and respect the deep history and vibrant cultures of these Indigenous communities. Let us recognize the enduring connection Indigenous peoples have to this land and commit to meaningful reconciliation and partnership.

Thank you for joining us today, and may we proceed with a spirit of learning, collaboration, and respect.

Enjoy the conference!

ABOUT JAVAHOPE FOUNDATION

After surviving a life-threatening health crisis, Abimbola (Ola) Ifidon—author of several books, including Rescued and Recalibrate—made a purposeful decision to turn her experience into impact. What began as a personal journey of resilience became a public commitment to building hope, creating access, and empowering individuals and communities facing health, social, cultural, or economic adversity.

A merit award Economics graduate with dual MBA degrees from Cornell University and Queen's University, and a Chartered Director (C.Dir), Ola brings deep expertise in strategy, governance, transformation, and digital innovation. She is passionate about improving socio-economic outcomes within Black, Indigenous, and People of Colour (BIPOC), newcomer, and underserved communities through constructive dialogue, capacity building, leadership development, and practical pathways to opportunities.

Her vision led to the establishment of JavaHope Foundation, incorporated on January 22, 2022, in honour of her parents, with "JAVA" derived from the initials of their names.

Through JavaHope, Ola advances three core causes: socio-economic empowerment, by supporting career growth, business development, professional integration, and access to opportunities; resilience and recognition, through initiatives such as the Ola Ifidon RISE Award, which celebrates individuals who demonstrate courage, integrity, strength, and excellence despite adversity; and cultural integration and empowered communities, by creating platforms for intercultural dialogue, mentorship, collaboration, and meaningful community engagement.

Through these causes, JavaHope Foundation continues to transform personal resilience into collective impact—helping individuals rise, communities connect, and society move toward greater inclusion, equity, and shared prosperity.

BOARD OF DIRECTORS

Ola Ifidon

Executive Director

Abimbola (a.k.a Ola), is a visionary, purpose-driven leader and Executive Director and Founder of JavaHope Foundation. With over 25 years of experience in strategy, business transformation, digital innovation, and leadership, she helps organizations gain strategic clarity, translate vision into action, and drive effective execution.

An Accenture alumna, Ola holds dual MBAs from Cornell University and Queen's University, the Chartered Director (C.Dir.) designation, and was the first CBAP® in Alberta. Beyond her corporate and community leadership, she is also a five-time author, strategist, speaker, and host of RESET Talks, a transformational podcast that provides practical strategies to help people reset, regain control, and move forward when life happens. Ola serves on several boards and is deeply passionate about advancing initiatives that empower individuals, strengthen communities, and create opportunities for people to thrive.

Oyinda Adetunji

Director, Governance and Compliance

Oyindamola is a dedicated corporate and commercial lawyer with extensive experience and a compassionate approach. Based in Calgary, Alberta, she serves as in-house legal counsel in the oil and gas sector, where she provides strategic legal advice that aligns with business objectives and regulatory requirements. Oyindamola holds a Master's degree in International Commercial Law from Swansea University in Wales and is a member of both the Law Society of Ontario and the Law Society of Alberta. Her commitment extends beyond her professional role, as she is also deeply invested in making a positive impact in her community.

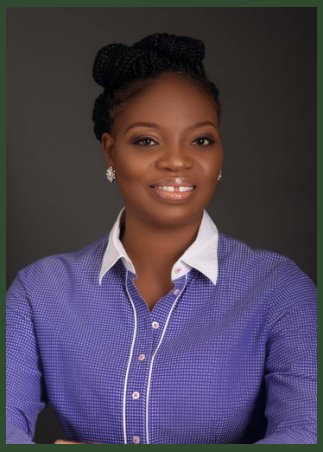

Sade Gbadebo

Director, Finance & Risk Mgt.

Sade is a Managing Director in KPMG's Risk Management Audit and Independence Group, bringing over 30 years of experience in Public Accounting. As the leader of the US and Latin America Conflicts Center of Excellence, she specializes in risk management and conflicts, overseeing processes to identify, evaluate, and manage conflicts of interest under AICPA and IESBA policies. Sade has led multidisciplinary teams across various industry practices, supporting clients in contract assessment, process re-engineering, strategy development, and internal controls. Her leadership roles include serving as the U.S. Ethics and Independence Provision of Services Sentinel leader and national risk management director for Deal Advisory. Sade also plays a key role in KPMG's diversity, equity, and inclusion initiatives and serves on the advisory board of a Business Resources Group, passionately committed to enhancing the socio-economic well-being of her clients and community.

BOARD OF DIRECTORS

Fehintoluwa Oduekun

Board Secretary

Fehintoluwa is a Chartered Management Accountant (CIMA, UK), a finance and risk management professional with over 15 years of experience spanning multiple sectors. She holds a Master of Science in Accounting from Henley Business School, University of Reading, United Kingdom, and is deeply passionate about leveraging process improvement and digital transformation to strengthen risk management practices.

Beyond her finance career, Fehintoluwa is the co-founder of Marvell and Fehinti Label, a luxury fashion house celebrating Afrocentric elegance for the modern woman. The brand's signature piece, the Asooke detachable jumpsuit, embodies timeless versatility — transitioning effortlessly from the boardroom to evening wear.

Ken Ifidon

Director, Projects

Ken is an accomplished project management professional with over 25 years of experience, holding a Bachelor of Science in Quantity Surveying. He leads the project management, costing, and scheduling practice for a Canadian nuclear energy company, bringing extensive expertise in project controls, stakeholder management, e-commerce, and digital innovation. Ken's diverse experience spans multiple industries, including construction, oil and gas, and nuclear energy. Known for his empathetic leadership and high emotional intelligence, Ken is passionate about creating projects that deliver substantial value and impact. He is dedicated to empowering lives and making a meaningful difference in the community, particularly within the BIPOC community. Ken has successfully led numerous corporate and community initiatives, consistently driving positive outcomes.

BRIDGE

WHAT IS BRIDGE?

BRIDGE — **Building Relationships and Interconnecting Diverse Groups for Empowerment**, is an initiative of JavaHope Foundation designed to bring people from diverse cultures, professions, generations, and communities together to build meaningful relationships, strengthen trust, and create opportunities for collaboration and shared growth.

WHY BRIDGE?

In increasingly diverse communities, meaningful inclusion requires more than simply bringing people into the same room. **BRIDGE** exists to help people move from connection to understanding, from understanding to trust, and from trust to purposeful collaboration. It creates a platform where differences can become strengths and relationships can become pathways to opportunity and empowerment.

3 KEY TAKE-AWAYS

- **Meaningful Connections:** Begin building authentic relationships across cultures, sectors, professions, and communities.
- **Broader Perspectives** :Gain new insights through conversations, shared experiences, and exposure to diverse voices and ideas.
- **Opportunities for Collaboration:** Discover potential partnerships, mentorship, community connections, and opportunities to create collective impact.

EXECUTIVE DIRECTOR'S ADDRESS

Abimbola (a.ka.Ola) Ifidon
Executive Director, JavaHope Foundation

It is my great pleasure to welcome you to BRIDGE 2026 — Building Relationships and Interconnecting Diverse Groups for Empowerment.

On behalf of JavaHope Foundation, our Board, planning team, partners, sponsors, volunteers, and community collaborators, thank you for joining us. Your presence reflects a shared commitment to strengthening relationships, building trust, and advancing meaningful collaboration across our diverse communities.

We respectfully acknowledge that we are gathered on the traditional territories of the peoples of Treaty 7, including the Blackfoot Confederacy, the Tsuut'ina Nation, the Îyâxe Nakoda Nations, and the Métis Nation of Alberta, Region 3. We honour their histories, cultures, contributions, and ongoing presence.

Every change starts with a conversation.

We often say, your network is your net worth. However, the true value of a network is found not in the number of contacts we collect, but in the quality of the relationships, trust, opportunities, and impact we create.

A key highlight of BRIDGE 2026 is the introduction of the **S.P.E.A.K. Model—**developed by ValCon Inc. under my guidance to create a structured, intentional, and meaningful networking experience.
Today, I invite you to step into a uniquely curated S.P.E.A.K. experience, one designed to move beyond small talk, spark meaningful conversations, uncover unexpected connections, and open the door to new possibilities.

As we begin, I encourage you to participate fully. Share your story. Listen with intention. Meet someone new. Explore opportunities. Build relationships, and keep the connection going beyond today.

Because every meaningful change begins with a conversation.
Some connections introduce you.
Some connections inspire you.
And some connections can change what happens next.
When we build bridges, we create trust.
When we create trust, we enable collaboration.
And when we collaborate with purpose, we empower individuals, organizations, and communities to thrive.
That is the spirit of BRIDGE 2026.

So, let us cross the BRIDGE. Let us S.P.E.A.K. Make the connection, and leave with impact!

Thank you.

Blake Richards, MP

Airdrie-Cochrane

Dear Friends,

It is a pleasure to extend my greetings to everyone attending the Java Foundation BRIDGE Conference 2026.

This event provides a valuable opportunity for professionals, entrepreneurs, and community leaders to connect, learn, and grow together. The Java Foundation's commitment to mentorship, networking, and career development is helping empower individuals and strengthen communities.

I would like to commend the Foundation's efforts to support individuals from diverse backgrounds, including newcomers to Canada, and to foster environments where talent, determination, and innovation can thrive. These initiatives help strengthen our communities and contribute to a more prosperous future for all Canadians.

I would also like to recognize founder Ola Ifidon for her dedication and leadership in building an organization focused on creating opportunities for others.
Please accept my best wishes for a successful and inspiring conference.

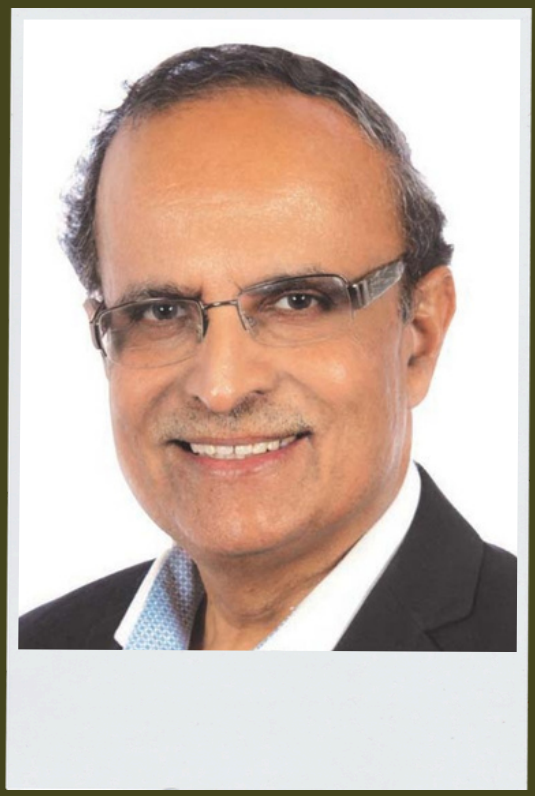

Sincerely,

Blake Richards, M.P., Airdrie-Cochrane
Conservative Shadow Minister for Emergency Preparedness & Community Resilience

BRIDGE

This year, we are proud to introduce SPEAK™ Networking at BRIDGE, a purpose-driven dialogue and connection model developed by ValCon Inc., is an intellectual property of ValCon Inc. and Java Hope Foundation, created to help participants move beyond surface-level introductions into deeper, more intentional conversations.

SPEAK™ stands for:

S — Share Stories
Creating space for lived experiences, perspectives, and personal journeys to be heard.
P — Promote Understanding
Encouraging active listening, empathy, and mutual respect across cultures, sectors, and communities.
E — Explore Opportunities
Identifying shared interests, possibilities, and pathways for collaboration.
A — Activate Partnerships
Moving from conversation to action by building relationships that can lead to real impact.
K — Keep the Connection

What makes SPEAK™ different from traditional networking is that it is not focused on simply exchanging business cards, titles, or quick introductions. It is designed to create intentional dialogue, build relational trust, uncover shared purpose, and turn connection into collaboration.

CAUSES WE CARE ABOUT

At Java Hope Foundation, we believe people should not simply get through life, they should have the opportunity, support, connections, and confidence to THRIVE IN LIFE. This is the heart of who we are and the outcome we seek to create. We help individuals and communities build the resilience to overcome challenges, access opportunities that strengthen their economic and professional future, develop meaningful connections across cultures, and recognize the strengths and possibilities within themselves. We bring this commitment to life through three interconnected pillars:

Career and Socio-economic Empowerment

Through our **LAUNCH Career Empowerment Program** and other career development, business readiness, mentorship, training, and empowerment initiatives, Java Hope Foundation helps individuals unlock new career possibilities, build relevant skills, strengthen their professional readiness, and connect with pathways to meaningful employment and economic participation. We equip people with practical tools to advance professionally, strengthen their economic independence, and create better possibilities for themselves and their families.

Resilience, Wellness & Recognition

We promote personal resilience, wellness, confidence, and recognition by creating initiatives that encourage people to navigate adversity, celebrate progress, and continue moving forward. Through initiatives such as the **RISE Award** and our wellness-focused programs, we recognize courage, inspire resilience, and create opportunities for people to strengthen their overall well-being.

Intercultural Connection and Community Building

We believe thriving communities are built when people are able to move beyond differences, understand one another, build trust, and create meaningful relationships. Through initiatives such as **BRIDGE**, we create spaces where diverse individuals, leaders, organizations, and communities can connect, share experiences, build relationships, and collaborate toward a stronger and more inclusive society.

JavaHope ... Creating Opportunity. Building Resilience. Connecting Communities.

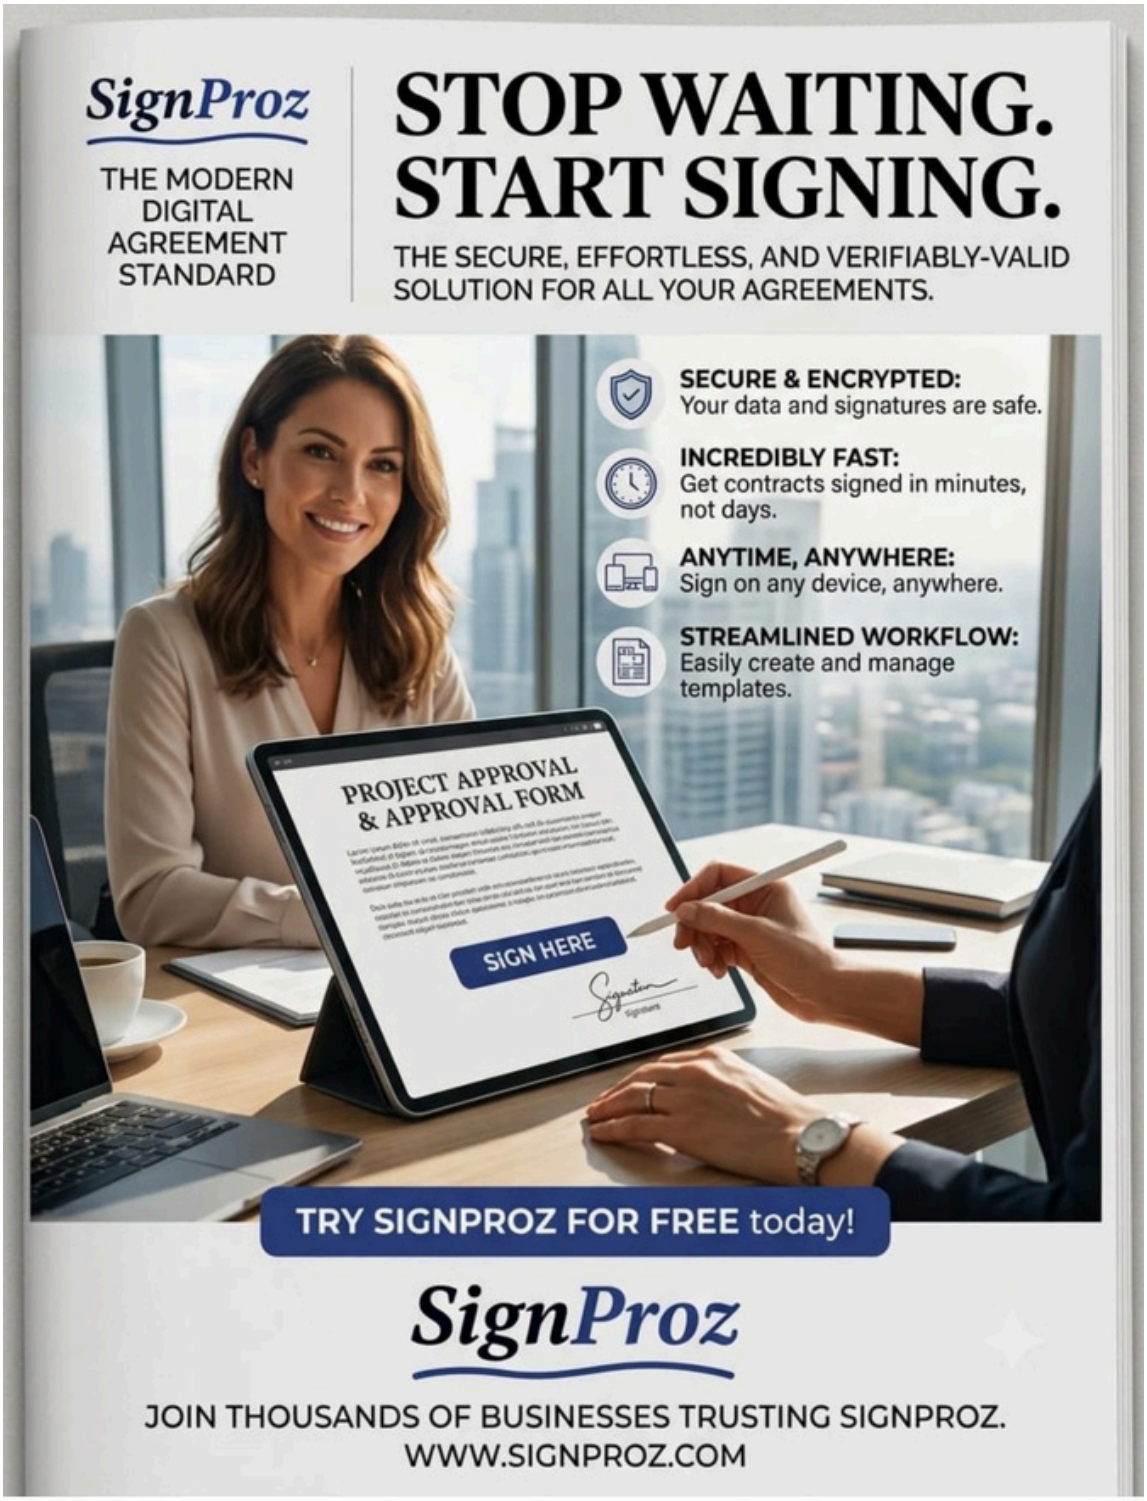

2026 RISE™ AWARD RECIPIENTS

During the 2026 Black History Month, Java Hope launched the **Ola Ifidon RISE™ Award for Resilience,** created to recognize and support individuals who have demonstrated courage, perseverance, and strength in the face of adversity.

Through this initiative, JavaHope Foundation has provided scholarship support and public recognition to deserving recipients, reinforcing our belief that resilience should be celebrated, encouraged, and supported.

BE A JAVAHOPE LEGACY PARTNER

A JavaHope **Legacy Partner** is an individual, family, business or organization that commits to supporting our work regularly and consistently—monthly, quarterly or annually. It is a commitment to pay it forward and help create sustainable, long-term impact.
An **Impact Donor**, on the other hand, supports JavaHope through a one-time or occasional financial contribution, helping us respond to immediate needs and deliver specific programs and community initiatives.

Legacy Partners give us the stability to plan ahead, strengthen our programs and expand our reach. Impact Donors give us the flexibility to respond to opportunities and needs as they arise.

YOUR SUPPORT WILL ALLOW US :

- Expand opportunity and recognition by providing more scholarships, resilience awards, career empowerment, and mentorship programs for youth, newcomers, professionals, and underserved communities.
- Strengthen belonging and community connection through cultural integration, leadership development, and inclusive platforms where people can connect, learn, collaborate, and access opportunities.
- Sustain long-term community impact by growing programs that promote resilience, wellness, socio-economic advancement, and stronger pathways for individuals and families to thrive.
